Much in you is still man,
and much in you is not yet man,
But a shapeless pigmy
that walks asleep in the mist
searching for its own awakening.

John,

You really are a nice person. I wish all the luck in the world in what ever you do. You are smart enough to rule the world in your hand. I'm sorry if I haven't been very nice to you in the last year, but I am learning and I ~~can't~~^{am} working. Have fun this summer. There is one thing I learned to do this year, how to keep my shoes on. (remember)

One more thing I learned to do (guess).

"When you part from a friend you grieve not, for that which you love most in him may be dearer in his absence, as the mountain to the climber is clearer from the plain."
 K. Gibran

Similarly, it will not be until the years to come that I will realize fully just how much this year has meant to me, it having been made up of the most varied and incredible experiences, meeting and talking with many people, coming up against indifference, ignorance and opposition, but also interest, understanding, and genuine acceptance. I can see as a whole that which I am a part of, and being away from home has helped me to think more deeply than ever before. I have been exposed to views and beliefs which have made me far more aware of myself, of God, of other people, of my country and its place in the world as a interdependent whole. Some people have to travel 8,000 miles before certain things penetrate.

I sincerely thank all those people who have made this year so wonderful and meaningful. Memories of Wausau will be with me for a long, long time and I will be able to look at the year in perspective, as a whole, and see its meaning and purpose, just as a mountain can be better seen in its entirety from a distance. I thank the teachers for their interest and help, my friends for the stimulating, deep and not-so-deep discussions, the teasing and warmth and understanding, and the smiles of those I perhaps haven't directly spoken to. It is this warmth and acceptance that I shall not forget, making me think of the United States not as a distant, impersonal country, but as made up of individuals whom I've grown to know and love.

She's from South Africa.

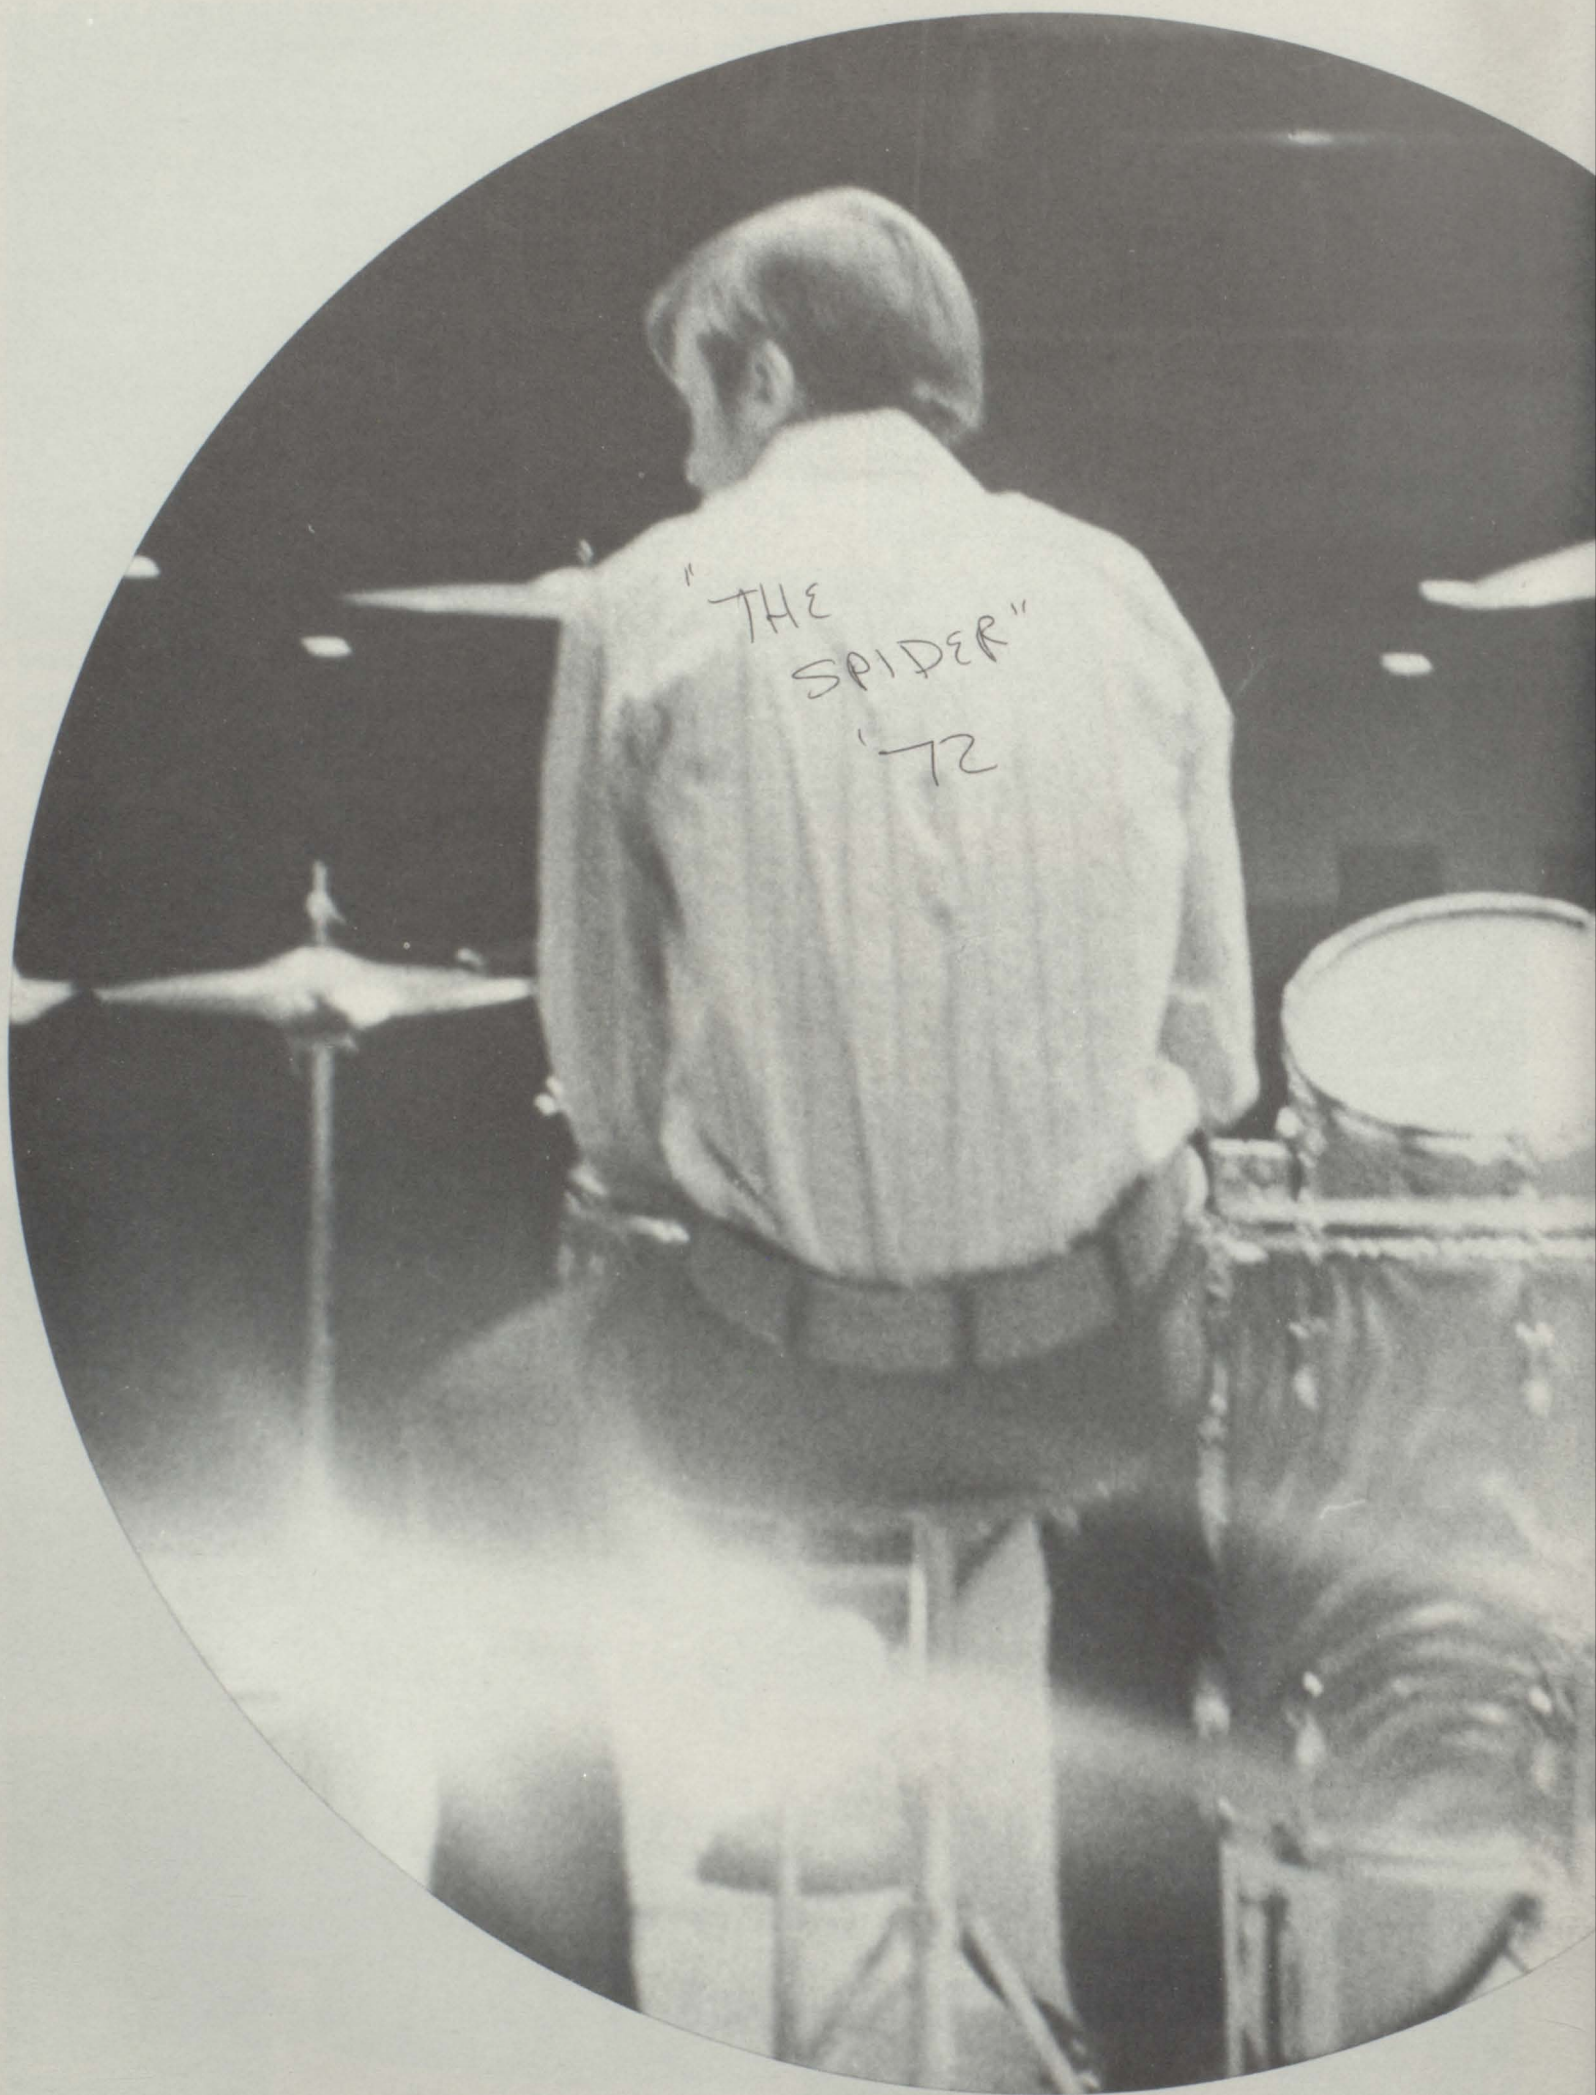

With sincere thanks and love,

Looking over his new agenda is Mike Rosen, Student Forum President.

The Student Forum has had numerous accomplishments this year. An Inter-City Council was formed with members from all four Wausau area high schools. Students are members of every Chamber of Commerce Committee in the city of Wausau, and one serves on the School Board. East students have helped in two charity dinners. A very important assistance given by the Forum was the new study hall system which was implemented by a faculty-student committee. There was also a change in the assigned seat policy in the library. Among other things, the Forum has adopted a foster-child. The list does not end here. There are over fifty items which could be mentioned.

A young, but promising, Cross Country Team took to the field last September, outran 38 teams and trailed 39. This showed a substantial improvement over last year's team. Beginning with only two returning lettermen, the team kept pace by starting its young runners who captured third place at the BRC meet and came in fourth out of fourteen teams at the Wausau Invitational. Coach William Smiley was proud to announce the names of the eight lettermen for this year. Dave Mergendahl, a freshman, was named the most improved runner and helped to lead the J.V. pack to a fine outlook for next season.

The 1971-72 Football team compiled a record of 3 wins, 3 losses, 2 ties, and one game called because of an electrical storm. The Jack's record may not be as outstanding as in previous years, but the team did have some bright moments. One of these would have to be the East-West game. East, an underdog, was able to tie the West Warriors and thus was awarded the Wausau Log. First year Coach Dale Schallert cited three men for exceptional play. These boys were Orie Sjoberg, senior, Dave Schoeneman, senior, and Dan Riste, sophomore. Orie

was named to the BRC All-Conference Team and also the Channel Seven All-Stars. Dave, an explosive defensive back, ran back two kickoffs for touchdowns. Dan, one of the youngest members of the team, did a fine job filling in for injured fullback Dale Doescher. Other players cited were Carl Eggebrecht, and Arnie Swanson. These men were also named to the BRC All-Conference list. Prospects for next year are bright with ten returning lettermen forming the nucleus.

The Varsity team for next year will be all set with the fine record the J.V.s posted this season. Wrapping up a total of 11 wins and 7 losses Coach Baumann noted the team's quickness and pressure defense. Curt Swanson and Gary Christianson were promoted to Varsity with Curt starting in several of the games.

The Sophomores staggered through the first few games, but bounded back with a 62-61 come from behind victory over Memorial. That was only the beginning of a 7 game winning streak leading to

their 10 and 8 record for the season. Coach Carlson spoke of their excellent shooting ability

The Freshman team didn't go unnoticed this year for in Coach Vigness's words "Its the best Freshman basketball team I've seen." Compiling a total of 9 wins and 3 losses the squad made good use of their height, jumping ability, and man to man defense. Having a big turnout, a B team was set up to give more a chance to play. They ended with an excellent 5 and 0 record.

GO!

Stroking right by the halfway mark, the Wausau East Swim Team compiled a total of 7 wins and 6 losses. Coached by Mr. Keller, the team showed a big improvement over last year. He cited Rod Burks and Steve Schuster as winning the most points for the season. Steve Schuster set a school record in the 400 yd. freestyle while Rod Burks set a school and pool record swimming the 100 yd. butterfly. They both qualified to swim at the state meet. Losing only two Seniors after this year, the team has an even better outlook for next season.

WRESTLING - TO SEE THE LIGHT

The 1971-72 Wrestling Team began the year with a new coach and a brand new team. Coach Schallert started with one returning letterman and 90% Freshmen. Although the team was unable to compile enough points to win a meet they had some very good individual efforts. Schallert noted some excellent efforts in the Eau Claire North Invitational Tourney by Eggebrecht, Nowak, and Prah. Randy Prah was captain and voted most valuable asset to the team. John Bergeth, a Freshman, was picked as the most improved wrestler for the season. With the big Freshman turnout, the future looks quite promising.

THE MEN BEHIND THE SCENES

This year we would like to pay special tribute to the coaches of Wausau East. To those men who have guided the players through rough days and good days we say thanks. The crowd attractor sports such as football and basketball did not have the success as in other years, but the head coaches were first and second year men respectively. Each team shows promise for next year. Some other sports fared a lot better. The Ski team qualified for the state meet this year under the coaching of Mr. Brady. The Swim team had a good year proving to be a major threat to schools around the area. Mr. Keller another second year man coached that team. In all Wausau East boys sports was coached this 1971-72 year with 7 men in either their first or second year, Mr. Torresani and Mr. Smiley being the only men who have been here more than two years. The outlook for next year is bright and promising. If the students continue backing the various coaches and players, how can we lose?

Seasons change with the scenery;
 Weaving time in a tapestry,

Carole King

Record Herald

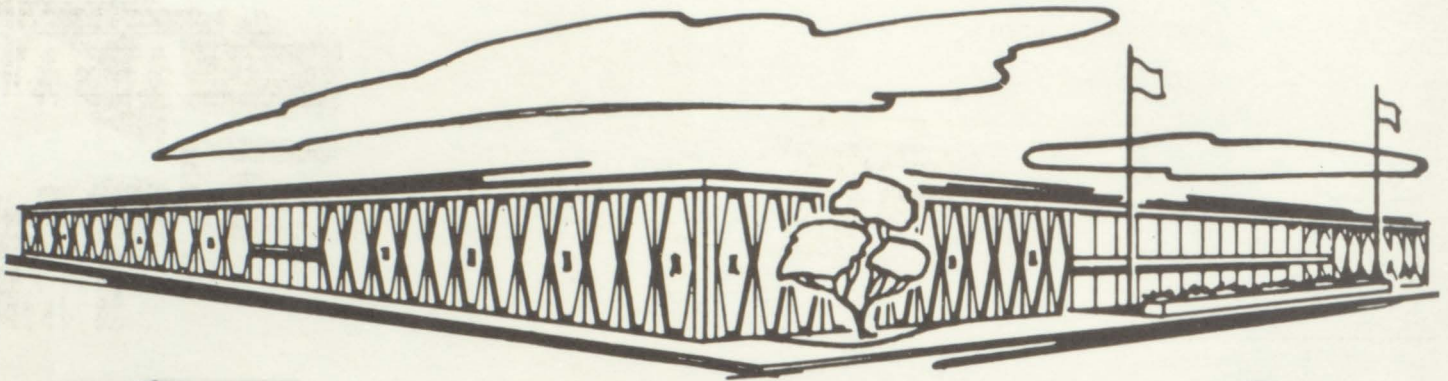

When you're alone and life is making you lonely;
You can always go downtown.
When you've got worries all the noise and the hurry
Seems to help I know, downtown.
Just listen to the music of the traffic in the city.
Linger on the sidewalk where the neon signs are pretty.
How can you lose?
The lights are much brighter there.
You can forget all your troubles, forget all your cares
and go downtown.
Things will be great when you're downtown.
You'll find a place for sure downtown.
Everything is waiting for you downtown.

“THE HEALTH MACHINE”

Your electric outlet is where we deliver health. Modern electric service helps your family stay clean at home even cleaning the air you breathe. It helps to safely preserve the natural goodness of foods and lets you control indoor climate for not only comfort but health as well. In doctor's offices and hospitals, electrical outlets provide power for X-rays, sophisticated new equipment for use in diagnosis and operations, and helps doctors in dozens of other ways to keep people well and happy. In fact, electric service contributes to good health in so many ways that it's one reason Americans are among the longest-lived people on earth.

SO . . .

WHO'S GONNA BUILD AMERICA!?

got *ring back and hid it in five*

In many ways, today's world is a chaotic place in which to live. Pollution, waste, needless death, poverty, crime, and inequality all cry for our attention. Multi-facitted solutions often seem confusing. Some say, "tear down!" Some say, "don't change!" Some simply don't care.

Where is the real help? Where is the mediator-arbitrator? What part does God play in the whole spectrum of life?

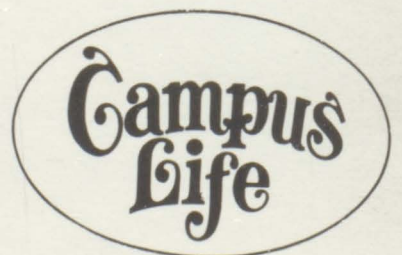

Campus Life Club doesn't claim to have all the answers, but we have some and are searching for others. Our aim is to explore thru creative discussion these and many other issues. Thanks for being part of the club this year. Look for us next fall!

SO . . . Who's gonna build America?
YOU ARE!!

With God's help, WE ALL ARE.

CAMPUS LIFE DIRECTOR.

I-I hardly know sir, just who I am at present-
At least I knew who I was
when I got up this morning,
but I think I must have changed
several times since then.

McLuhan

I was a-trembling
because I'd got to decide forever
betwixt two things,
and I knowed it.

Mark Twain

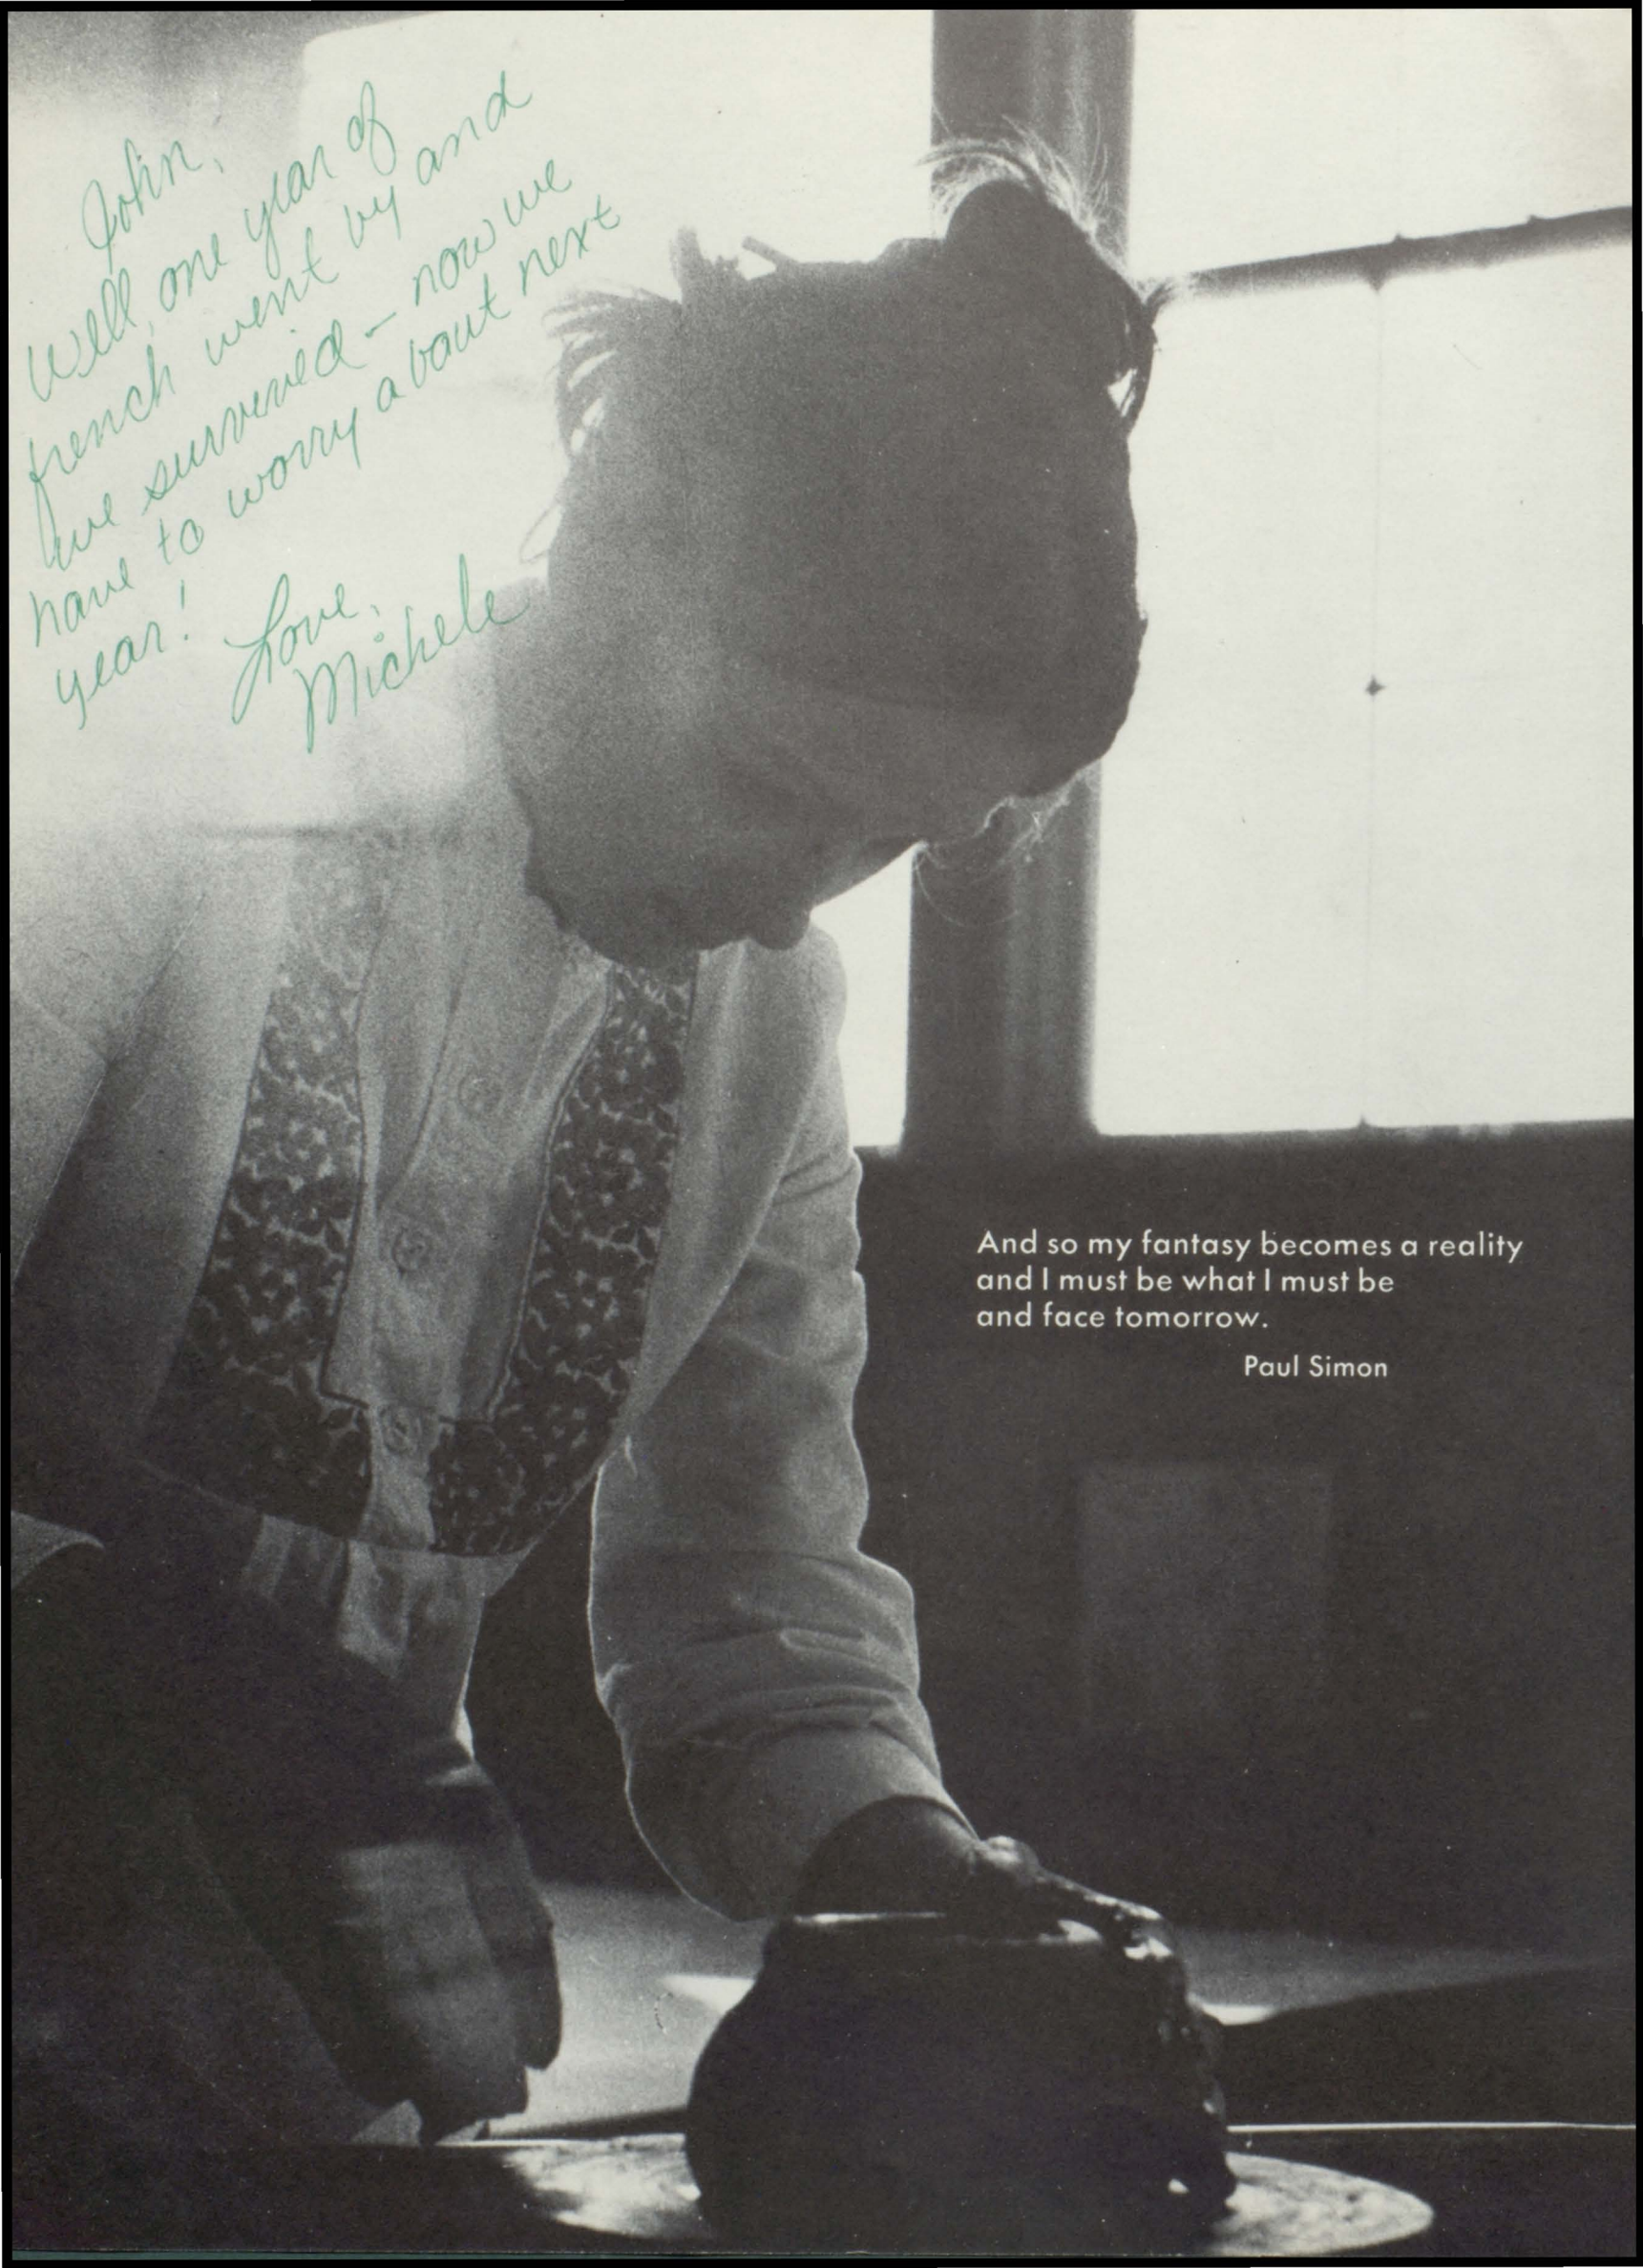

You who are on the road
Must have a code that you can live by
And so become yourself
Because the past is just a good-bye.

Graham Nash

John,
Well, one year of
french went by and
we survived - now we
have to worry about next
year!
Love,
Michele

And so my fantasy becomes a reality
and I must be what I must be
and face tomorrow.

Paul Simon
